## EDUCATION

### Asia Pacific University

Bachelor's Degree in Computer Games Development

2021 - Present

## TECHNICAL SKILLS

### Programming

- C#
- Python

### 3D Modelling

- Autodesk 3ds Max.
- Zbrush
- Substance Painter.

### Game Engines

- Unity
- Unreal Engine

## SOFT SKILLS

English Chinese Malay

Verbal & Written Communication

Presentation & Public Speaking

Creativity Writing

Teamwork

## ABOUT ME

I am currently pursuing a Bachelor's degree in Computer Game Development at Asia Pacific University (APU). My passion for game development has driven me to gain experience in concepting, designing, and developing games. I have practical knowledge in programming for game engines and 3D modelling with 3ds Max, and I primarily work with Unity. I am eager to learn and grow in the field of game development through hands-on experience and collaboration.

## EXPERIENCE

○ March 2024 - Present  
Asia Pacific University Game Development Club

### Committee of Event Manager Department

- Event Manager of APUGDC 3D Character Modelling Workshop.
- Assistant Event Manager of APUGDC FYP Talk.
- Cooperate and coordinate with other departments to ensure a successful preparation phase.
- Manage and supervise the event to ensure the smooth operation of the event.

## 2ND RUNNER UP OF REDGAMES JAM 2024

### ○ Buds & Bags

RedGames Jam 2024 Project

2D - Hypercasual Game (Unity)

Programmer/Designer

- Concepted the theme and mechanics of the game.
- Coded and implemented the random items generation system.
- Coded and implemented the items-checking system
- Coded and implemented the dynamic difficulty system
- Coded and implemented the Main Menu UI
