

LOO JIAN ER

Game Development Graduate

ABOUT ME

I am a graduate of the Bachelor's in Computer Game Development program at Asia Pacific University (APU). My passion for game development has driven me to gain experience in conceiving, designing, and developing games. I have practical knowledge in programming for game engines and 3D modelling with 3ds Max, and I primarily work with Unity. I am eager to contribute and grow in the game development field through hands-on experience and collaboration.
