- C#
- Unity
- Autodesk 3ds Max
- ZBrush
- Adobe Substance Painter

## SOFT SKILLS

- English Chinese Malay
- Verbal & Written Communication
- Presentation & Public Speaking
- Teamwork Project Planning
- Project Management

## ABOUT ME

I am a graduate with a Bachelor's in Computer Game Development at Asia Pacific University (APU). I have hands-on experience in programming and 3D modeling. Beyond developing games, I also gained experience in project coordination and management through organizing events and an internship. I am eager to contribute to the team and continue developing my skills through hands-on experience and collaboration.

## EXPERIENCE

- ⌚ January 2025 - November 2025  
Asia Pacific University Game Development Club

### Head of Event Manager Department

- Managed the event timeline of APUGDC.
- Assigned and advised event managers on APUGDC's events.
- Coordinated and communicated with other departments to ensure a successful preparation phase.
- Managed and supervised the event to ensure the smooth operation of the event.

- ⌚ September 2024 - January 2025  
Spacepup Entertainment

### Junior Producer Intern

- Coordinated programming interns by setting tasks, running weekly meetings and unblocking issues.
- Researched hyper-casual game trends and player preferences for prototype projects ideation.
- Conceived and refined 5 hyper-casual game prototype ideas as advanced projects for the programming interns.
- Designed and implemented a programming test project as per the supervisor's requirements to assess the programming interns' skills and allocate prototype projects effectively.
